Food Pantry

"But Israel would I feed with the finest wheat and satisfy him with honey from the rock." God's promise to Israel IF only we (Israel) will keep our half of the covenant. But we are never able to keep our half of the covenant, so sweet honey does not come from the rock and sweet wheat does not form our bread. Or does it? What happens to us when the social mores get shifted about? What happens when we grow too comfortable in our routines, and then something interrupts the routine? Part of my family lives near Springfield. Periodically they come through Conway on their way somewhere, but never is their arrival announced as a coming event. Always it is a surprise. Always it is an interesting and enjoyable visit, often a meal, and always, offering a choice between seeing and visiting or doing other things. Most often I find sweet wheat and honey in my choice. -Ann Drake
